REPORT NO.

THIS IS UNEVALUATED INFORMATION

1. The Soviets have equipped all foremen now employed in the Zistersdorf oil fields with 0.67 caliber Belgian pistols and 20 rounds of ammunition.
2. It is reported that Zistersdorf Werkschutz units are undergoing extensive reorganization following a series of large scale thefts in which Werkschutz employees were implicated. The Soviets have arrested several members of the Werkschutz, including an officer, one Franz Schulz; these are now awaiting trial in a Soviet military court.
